Approval of Finance and Facilities Committee Meeting Summary from February 11, 2020

THE UNIVERSITY OF NEW MEXICO Board of Regents' Finance and Facilities (F&F) Committee February 11, 2020 – Meeting Summary <<DRAFT>>

Committee Members Present: Regent Sandra Begay, Regent Doug Brown, and Regent Rob Schwartz

Administration Present: Garnett Stokes, University President, and Teresa Costantinidis, Senior Vice President for Finance and Administration (SVPF&A)

Presenters in Attendance: Elizabeth Metzger, Financial Services Division; Nicole Dopson, Financial Operations; Eddie Nunez, Athletics; David Williams, Athletics; Ryan Berryman, Athletics; Lisa Marbury, Institutional Support Services (ISS); Dorothy Anderson, Human Resources; Joey Evans, University Benefits; and Kenny Stansbury, UNM Foundation.

ACTION ITEMS:

- 1. Call to Order, Confirmation of a Quorum, and Adoption of Agenda. Regent Begay called the meeting to order at 12:33 p.m. in Scholes Hall, Roberts Room, and confirmed that a quorum was established. Regent Brown moved to adopt the agenda and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.
- 2. Approval of Finance and Facilities Committee Meeting Summary from December 3, 2019. Regent Schwartz moved to approve and Regent Brown seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.
- 3. Approval of 2nd Quarter Financial Actions Report and Certification through December 31, 2019 and 2nd Quarter Informational Financial Report through December 31, 2019.

Approval of 2nd Quarter Financial Actions Report and Certification through December 31, 2019. Elizabeth Metzger gave the presentation. Regents' approval was requested for the second Quarter Financial Actions Report and Certification through December 31, 2019. The Quarterly Financial Actions Report is a onepage report submitted to the New Mexico Higher Education Department (HED), comprised of "yes" or "no" questions regarding the University's financial transactions. Answering any question "yes" requires further information to be provided to HED. Question 6 was answered "yes".

By responding "yes" to Question 6, the additional information reported to HED will indicate an enrollment decrease of 7% in student credit hours and 6.56% decrease in student headcount for Fall 2019. Tuition and fees are expected to come under budget by approximately \$4.2M or 2.6%. The short fall will be covered by central reserves. The detailed report is in the E-book. **Regent Brown moved to approve and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.**

2nd Quarter Informational Financial Report through December 31, 2019. Elizabeth Metzger presented the second quarter consolidated financial reports through December 31, 2019. The detailed report is in the E-book.

4. Approval of 2nd Quarter Athletics' Enhanced Fiscal Oversight Program (EFOP) Report and Certification through December 31, 2019 and 2nd Quarter Information on Athletics' Report by Sport through December 31, 2019.

Approval of 2nd Quarter Athletics' Enhanced Fiscal Oversight Program (EFOP) Report and Certification through December 31, 2019. Nicole Dopson and Eddie Nunez gave the presentation. Regents'

approval was requested for the Athletics' EFOP Report and Certification instituted by the Higher Education Department (HED). This report covers the FY20 second quarter financial status and budget exhibits for the Athletics' department. The detailed report is in the E-book. Regent Brown moved to approve and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.

2nd Quarter Information on Athletics' Report by Sport through December 31, 2019.

Nicole Dopson and Eddie Nunez gave the presentation. The report describes the pooled revenues and directed revenues by sport for FY20 budget and actuals year-to-date through December 31, 2019. This report also compares FY20 budget to quarterly actuals, and FY20 year-to-date actuals to prior year-to-date actuals. The detailed report is in the E-book.

5. Approval of Multi-Media Rights Contract for Athletics. Eddie Nunez, David Williams, and Ryan Berryman gave the presentation. Regents' approval was requested for the multi-media rights contract for Athletics'. Mr. Williams provided an overview of the draft UNM Multi-media, Sponsorship Rights, and Privileges contract for Athletics. The key difference from the prior contract and the draft contract is that UNM and OUTFRONT have the opportunity to increase revenues through sales. Budget forecasting will most likely occur once a baseline has been established after the first year of the contract. Regent Brown moved to approve and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.

6. Approval of Request for Project Construction:

- a. Clark Hall #22 Reibsomer Wing Lab Waste System Replacement (Re-approval). Lisa Marbury gave the presentation. Regents' re-approval was requested for the Clark Hall #22 Reibsomer Wing Lab Waste System replacement. Ms. Marbury explained when there is a 10% increase or decrease in a project's budget, the project is to be presented to the Regents for re-approval in accordance with the Board of Regents Policy and as required by the New Mexico HED and New Mexico State Board of Finance. The revised total estimated project budget is \$475, which is a decrease from the initial project budget estimate of \$970K, and \$350K is funded from Facilities Management (FM) reserves and \$125K from minor capital reserves. The detailed report is in the E-book. Regent Schwartz moved to approve and Regent Brown seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.
- **b.** Johnson Center: Fire Alarm Upgrade. Lisa Marbury gave the presentation. Regents' approval was requested for the Johnson Center fire alarm upgrade. The total estimated project budget is \$420K and is funded by FY20 building renewal and replacement (BR&R) funds. The detailed report is in the E-book. Regent Brown moved to approve and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.
- 7. Recommendations for Consent Agenda Items on Full Board of Regents' Agenda. Regent Begay recommended items 3, 4, and 6 be placed on the full Board of Regents' consent agenda. Regent Brown moved to approve and Regent Schwartz seconded. The motion passed by unanimous vote with a quorum of committee members present and voting.

INFORMATION ITEMS:

8. FY 21 Budget Leadership Team. Teresa Costantinidis gave the presentation on the FY21 Budget Leadership Team (BLT) milestone timeline. Regent Begay recommended adding language "upon final approval of the state budget" to the timeline. The timeline is in the E-book.

Finance & Facilities February 11, 2020 – Draft

- **9.** UNM Medical Plan Update and FY 21 Cost Projections. Dorothy Anderson and Joey Evans gave the presentation. The report describes projected premium health coverage cost increases for FY 21. Regent Begay suggested a footnote be added to the FY 2020 Full-Time Employee Cost table on page 7 of the presentation. The footnote should indicate employees covered by LoboHealth with a salary of \$50K and above in the "Employee Only" category are projected to have an increase of \$10 in premiums. The detailed report is in the E-book.
- **10. UNM Foundation Budget and Investment Performance Report.** Kenny Stansbury gave the presentation. The detailed report is in the E-book.

COMMENTS:

Carol Pierce, City of Albuquerque Family and Community Services Director, provided brief comments about the proposed Gateway Center, and the services needed to promote the safety and security of individuals experiencing homelessness. She also thanked UNM leadership for their collaboration in the development of a comprehensive system to address homelessness.

EXECUTIVE SESSION:

A. Vote to close the meeting and proceed into executive session.

Regent Brown moved to close the meeting at 1:59 p.m. and proceed into executive session and Regent Schwartz seconded. The motion was passed by unanimous vote with a quorum of committee members present and voting.

- B. Discussion and determination where appropriate of potential purchase, acquisition, or disposal of real property, *Pursuant to Section 10-15-1. H (8), NMSA (1978).*
- C. Vote to re-open the meeting.

Regent Schwartz moved to re-open the meeting at 2:42 p.m. and Regent Brown seconded. The motion passed by unanimous vote with a quorum of Committee members present and voting.

D. Certification that only those matters described in paragraph B above were discussed in executive session, and any matter discussed in executive session will, if necessary, be subsequently ratified in the open session of the public meeting.

Regent Schwartz moved to adjourn at 2:43 p.m. and Regent Brown seconded. The motion passed by unanimous vote with a quorum of Committee members present and voting.

Attached for your review and submission to the Board of Regents is the Surplus Property Disposition detail list for the month of December 2019 and January 2020.

Consistent with UNM Board of Regents Policy 7.9 and the NM Disposition of Surplus Property Act, 13-6-1, NMSA 1978, and based upon documentation submitted by the UNM departments responsible for the equipment, I certify that the equipment identified on the monthly list is worn-out, unusable or obsolete to the extent that the items are no longer economical or safe for continued use by the University. I recommend that the items be deleted from UNM's inventory and disposed of in accordance with the above noted Regents Policy and NM Surplus Property Act.

Memo #1

NEW MEXICO ATHLETICS

November 14, 2019

To: Marcos Roybal From: UNM Athletics Subject: Equipment Disposition – Basketball Video Racks

Dear Mr. Roybal:

UNM Tag #N00010431, an audio/visual rack setup is being presented for disposition. This equipment was purchased and installed in early 2007 for use by the men's and women's basketball programs in the Rudy Davalos Basketball Center. The equipment was utilized for the accumulation and breakdown of game and practice film from 2007-2015. When installed in 2007, the total project cost totaled \$242,807.16 which included the installation of proprietary software, hardwire cabling throughout the building, and similar infrastructure.

The only equipment up for disposition is the video racks and associated add-on equipment which were installed in 2007. The adjusted cost is \$85,893.08 and the NBV is \$0. The equipment was based on analog hardware that allowed the basketball programs to be able to display practices, basketball games, and opposition games on various computers and monitors throughout the building. The analog equipment has since become outdated as technology has transitioned to a higher bandwidth and more digital and streaming options. The original video towers included eight (8) DVD players, two (2) TIVO systems, VHS devices, and an analog matrix which were used to record and breakdown basketball game film. The equipment and software installed is no longer adequate with the transition to digital and the original equipment has outlasted its useful life.

As a result of the disposition, the University will no longer be responsible for maintenance, operational, and utility costs of the equipment. If you have any further questions, please feel free to contact us.

To whom it may concern,

We have submitted a surplus form for an old piece of equipment that we have no more use for. UNM tag#210047 is a Finnigan Mass Spectrometer, purchased on April 19,1995 for \$182,758. It was used to run samples for the Mass Spec Lab and is too expensive to operate. We have a grant to buy a new instrument with better performance. It has no current net book value and since we are working on clearing out the building before the remodel makes us move out. It is time to surplus it.

Thank you Fred Fuchs

Disposition of Surplus Property—UNM Tag #219814

November 8, 2019

To: Marcos Roybal

From: Geoff Courtin

Subject: Liquid Epitaxial Reactor Disposal

Dear Mr. Roybal:

UNM Tag #219814 (Liquid Epitaxial Reactor) was purchased July 5, 1996 by the Department of Chemical and Nuclear Engineering for \$22,664. Between that time and now the asset was transferred to the Center for Microengineered Materials. The asset was used to culture benign microorganisms (yeast) used for research purposes and has a net book (NBV) of \$0.00. The reactor has not been used for ten years because multiple critical components failed, and it was too expensive to repair. There are no plans to repair the instrument. In addition, new more effective and efficient equipment has been purchased and is currently in use.

We believe this equipment has reached the end of its useful life and ask that it be disposed by UNM Surplus Property.

Sincerely,

Suff Cut

To whom it may concern,

We have submitted a surplus form for two old pieces of equipment that we have no more use for. UNM tag#228099 it is a Spectrometer from Paragon, purchased in September 1997, for \$14,821 and has a current NBV of \$0. It was used to analyze chemical samples for the one of the research labs in this department. UNM tag#260678 it is a Spectrometer from Bruker, purchased in May 2003, for \$22,210 and has a current NBV of \$0. It was used to analyze chemical samples for the one of the research labs in this department. These items are obsolete and were stored in 2007. They have been collecting dirt and dust from the shed since then. No one in the department wants to spend the money to restore these inferior instruments.

RE: Request Deletion of UNM Asset

The Electrical & Computer Engineering Department recently removed a Cisco router from service as this device became inoperable. After a request for a quote to fix the equipment it was discovered it would be cost effective to replace the faulty device with a new under warrantee router with much greater capabilities.

Re: Disposition of Property- UNM Tag N00029134

Dear Mr. Harrie,

UNM Tag# N00029134 (Router) was purchased on February 14, 2011 by UNM Taos for \$11,539.79. The router was used to provide network connectivity and WIFI services throughout the UNM Taos Campus, and has a net book value of \$0. The router was used for several years, but its technology has become obsolete as it cannot communicate with new building routers which require this server to operate. The server has been replaced with a new more efficient model.

As this server is no longer viable for campus operations and the expense would be too great to upgrade its capability, we humbly request permission to surplus this piece of equipment. Please let me know if you have any further questions or concerns.

Respectfully,

Thomas Duran

Subject: Asset #N00037413 Lidke Freezer

This memo is in reference to a surplus request for Asset #N00037413. This -80 freezer was used by the Lidke lab for ultracold storage of samples associated with Dr. Lidke's grant funded research. This item was purchased on 07/26/12 for a total cost of \$10,365.95. According to Banner, the net book value of the asset is \$0.00. Unfortunately, after several attempts at fixing the freezer, we were unable to get it to hold a consistent temperature and therefore could not be used to store our precious samples. Thus, it is not useful to the lab anymore and we wish to surplus it. The grant indicates we are to dispose of the freezer after it is no longer operable.

Thank you for your attention to this matter.

New Mexico Compilation Commission

13-6-1. Disposition of obsolete, worn-out or unusable tangible personal property.

10

A. The governing authority of each state agency, local public body, school district and state educational institution may dispose of any item of tangible personal property belonging to that authority and delete the item from its public inventory upon a specific finding by the authority that the item of property is:

(1) of a current resale value of five thousand dollars (\$5,000) or less; and

(2) worn out, unusable or obsolete to the extent that the item is no longer economical or safe for continued use by the body.

B. The governing authority shall, as a prerequisite to the disposition of any items of tangible personal property:

(1) designate a committee of at least three officials of the governing authority to approve and oversee the disposition; and

(2) give notification at least thirty days prior to its action making the deletion by sending a copy of its official finding and the proposed disposition of the property to the state auditor and the appropriate approval authority designated in Section 13-6-2 NMSA 1978, duly sworn and subscribed under oath by each member of the authority approving the action.

C. A copy of the official finding and proposed disposition of the property sought to be disposed of shall be made a permanent part of the official minutes of the governing authority and maintained as a public record subject to the Inspection of Public Records Act [Chapter 14, Article 2 NMSA 1978].

D. The governing authority shall dispose of the tangible personal property by negotiated sale to any governmental unit of an Indian nation, tribe or pueblo in New Mexico or by negotiated sale or donation to other state agencies, local public bodies, school districts, state educational institutions or municipalities or through the central purchasing office of the governing authority by means of competitive sealed bid or public auction or, if a state agency, through the surplus property bureau of the transportation services division of the general services department.

E. A state agency shall give the surplus property bureau of the transportation services division of the general services department the right of first refusal when disposing of obsolete, worn-out or unusable tangible personal property of the state agency.

F. If the governing authority is unable to dispose of the tangible personal property pursuant to Subsection D or E of this section, the governing authority may sell or, if the property has no value, donate the property to any organization described in Section 501(c)(3) of the Internal Revenue Code of 1986.

G. If the governing authority is unable to dispose of the tangible personal property pursuant to Subsection D, E or F of this section, it may order that the property be destroyed or otherwise permanently disposed of in accordance with applicable laws.

H. If the governing authority determines that the tangible personal property is hazardous or contains hazardous materials and may not be used safely under any circumstances, the property shall be destroyed and disposed of pursuant to Subsection G of this section.

I. No tangible personal property shall be donated to an employee or relative of an employee of a state agency, local public body, school district or state educational institution; provided that nothing in this subsection precludes an employee from participating and bidding for public property at a public auction.

J. This section shall not apply to any property acquired by a museum through abandonment procedures pursuant to the Abandoned Cultural Properties Act [18-10-1 to 18-10-5 NMSA 1978].

K. Notwithstanding the provisions of Subsection A of this section, the department of transportation may sell through public auction or dispose of surplus tangible personal property used to manage, maintain or build roads that exceeds five thousand dollars (\$5,000) in value. Proceeds from sales shall be credited to the state road fund. The department of transportation shall notify the department of finance and administration regarding the disposition of all property.

L. If the secretary of public safety finds that the K-9 dog presents no threat to public safety, the K-9 dog shall be released from public ownership as provided in this subsection. The K-9 dog shall first be offered to its trainer or handler free of charge. If the trainer or handler does not want to accept ownership of the K-9 dog, then the K-9 dog shall be offered to an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 free of charge. If both of the above fail, the K-9 dog shall only be sold to a qualified individual found capable of providing a good home to the animal.

Approval of Contract for UNM Print Management Program

MSC01 1240 1 University of New Mexico Albuquerque, NM 87131-0001 Telephone (505) 277-2036 http://purchase.unm.edu

MEMORANDUM

To:	Teresa Costantinidis, Sr. Vice President for Finance & Administration
From:	Bruce Cherrin, Chief Procurement Officer
Subject:	Contract Approval
Date:	February 14, 2020

The following is being submitted for approval per Regent Policy 7.4. This will need to proceed to the full Board of Regents.

UNM Print Management Program

Request for Proposals #2147-20 were solicited on September 20, 2019 on behalf of the University Board of Regents for University of New Mexico Print Management Services. The Print Management Program provides the University of New Mexico and all branch locations with a complete service offering related to Print Management, document output technology, centralized acquisition, billing solutions and related services.

Vendors specialize in providing sales, rentals, maintenance and management services as follows:

1) Print Management Solutions related to printing, copying, scanning and faxing for UNM department's printer and copier fleets;

2) Rentals and/or purchase of copiers, printers, and Multi-Functional Devices (MFD: combined copier/printer/scanner/fax) including full coverage maintenance and supply options; and

3) Related services and/or equipment.

There were a total of 10 respondents for the Request for Proposal.

In accordance with the criteria established for the procurement, the committee recommends awarding the contract to Document Solutions, Inc., Pacific Office Automation Inc., RICOH USA, and Southwest Office Solutions, Inc. as the highest ranked offerors.

The initial term of the agreement will be effective March 22, 2020 through March 21, 2030. Approximate annual cost will be \$450,000.00 - \$950,000.00, dependent on the vendor and the number of devices provided to the University.

Mr. Robert H. Nath

Co-Founder and Chairman, Quasar International, Inc., Retired

Education

BS - Mechanical Engineering, University of Minnesota

Business/Research Background

After receiving his BS in mechanical engineering in 1959 from the University of Minnesota, Mr. Nath began a nearly 20-year career with Caterpillar Inc., working in new product development, international marketing management, sales management and corporate acquisitions. During Mr. Nath's tenure, Caterpillar Inc. was recognized as one of the top three US exporters. Subsequently, Mr. Nath was appointed Deputy Assistant Secretary of Commerce in the Carter administration and continued to serve in that capacity in the Reagan administration under the leadership Secretary of Commerce Malcolm Baldrige. His responsibilities included expanding trade in eastern Europe, maintaining trade relations with the Soviet Union, and facilitating the development of US trade with China.

Mr. Nath's professional career continued at Atlantic Richfield Company where he served as Vice President in charge of photovoltaic and other new green technologies. In addition, he was the Founder, Chairman and technology inventor of Cyclean, Inc., a venture-financed company focused on recycling asphalt pavement material with minimal pollution. In 1992, Mr. Nath co-founded Quasar International, Inc., a company based in Albuquerque that developed and manufactured resonance-based nondestructive test systems. The company's product is based on a resonant vibration frequency measurement technique developed at Los Alamos National Laboratory. Mr. Nath was responsible for designing the systems for use in factories and his co-founding partner was responsible for developing the advanced mathematical analysis techniques underlying the systems. The mathematic analysis techniques were used to spin off from Quasar a biotech company, also based in Albuquerque, called Exagen Diagnostics, Inc. Exagen develops and manufactures genomic marker tests for irritable bowel syndrome, inflammatory bowel disease, breast cancer and other diseases. In 2007, Quasar was acquired by Magnaflux, a division of Illinois Tool Works, a \$16 billion company operating in 52 countries that develops engineered products and specialty systems. Magnaflux Quasar continues to develop advanced resonant testing methods for production testing of aluminum, ductile iron and other casting and metal-forming methods, as well as for applications in aerospace and ceramics.

Particular Knowledge and Skills

Mr. Nath holds six patents in the area of recyclable asphalt pavement material, the basis of his start-up company Cyclean, Inc. The proprietary technology, which combines warm air and microwave heating, is used in Cyclean plants in the US and The Netherlands and has produced over two million tons (~\$40 million) of hot asphalt material using 90% recycled pavement. As a serial entrepreneur and investor, Mr. Nath has extensive business expertise in evaluating technologies suitable for commercialization and investment. He has personally funded and developed several technologies, commercialized some, raised funds for venture start-ups, and successfully sold one of his own companies. Mr. Nath retired from Magnaflux in January 2012 but remains active in other technology development areas.

Jim and Ellen King Dean of Engineering and Computing School of Engineering Distinguished Professor, Department of Electrical & Computer Engineering The University of New Mexico

Education

BS - Physics and Math, American University in Cairo MS - Electrical Engineering, North Carolina State University PhD - Electrical Engineering, North Carolina State University

Business/Research Background

Dr. Christodoulou came to UNM in 1999, when he joined as a professor and chair of the Department of Electrical and Computer Engineering. He led the department until 2005. He is one of the founders of UNM's COSMIAC (formerly the Configurable Space Microsystems Innovations & Applications Center), serving as its director from 2012 to 2014. In 2017, he was appointed dean of the UNM School of Engineering.

Before coming to UNM, he was a faculty member in the University of Central Florida, Orlando, from 1985 to 1998, where he was the associate chair of the Department of Electrical and Computer Engineering and the director of the Engineering Honors Program.

His research interests are in the areas of modeling of electromagnetic systems, machine learning in electromagnetics, high-power microwave antennas, reconfigurable antennas for cognitive radio, and RF/photonics.

Particular Knowledge and Skills

Dr. Christodoulou is an IEEE Fellow and has received a variety of awards and honors over the years for his work, including the 2010 IEEE John Krauss Antenna Award for his work on reconfigurable fractal antennas, the IEEE Outstanding Engineering Educator in 2012 (Albuquerque section), and was inducted in the Alumni Hall of Fame for the Department of Electrical and Computer Engineering at North Carolina State University in 2016. He was appointed an IEEE AP-S Distinguished Lecturer from 2007 to 2010.

He has given numerous keynote and invited talks all over the world, has published over 500 papers in journals and conferences, written 17 book chapters, co-authored eight books, and has six UNM-affiliated issued patents. He served as a major advisor for about 100 students and has received nearly \$50 million in funding as a principal investigator (PI) and co-PI.

Main Campus Proposed Tuition Changes

UG Resident Tuition

- Increase the 1-14 hour tuition rate by 2.6%
- Increase the block range to 15+ hours
- Reduce the discount on the block to \$400 (Result will be a discount of approximately 11%)

UG Non-Resident tuition

- Increase the 1-11 hour tuition rate by 2.6%
- Increase the block range to 12+ hours
- Increase the block rate by 5% (and another 5% for each of the following 2 years). Rationale-Our Non-Resident pricing is not in line with other flagship Research 1 institutions across the region and this sends the message we are not competitive.

Main Campus Proposed Tuition Changes

GR Resident Tuition

- Increase the base tuition rate by 2.6%
- Professional Programs-fold the current \$35 premium rate into the base tuition on 1-11 hours and add \$455 to the block rate.
- All Other Programs-fold the current \$35 premium rate into base tuition.

GR Non-Resident Tuition

- Increase the base tuition rate by 2.6%
- Fold the current \$35 premium rate into the base tuition on 1-11 hours and add \$455 to the block rate.

Dissertation Including HSC and SOM:

- Combine the base rate, premium and A&S and Engineering Differentials into one flat rate of \$1181
- Continue additional Non-Resident rate per hour above 6 hrs.
- Note: Current A&S and Engineering Differentials are \$100 and \$200 flat rate respectively. This proposal eliminates them.

Main Campus Proposed Tuition Changes

Differential Tuition Requests

- Global and National Security Program
 - Establish a \$150 per credit hour for both resident and nonresident
- School of Public Administration
 - Increase the current rate from \$50 to \$100 per credit hour for both resident and non-resident
- Begin charging all differentials by major and not course

Main Campus Proposed Fee Changes

Undergraduate

- Increase the block to 15+ hours (Resident) and 12+ hours (Non-Resident)
- \$3.58 per credit hour, \$53.68 per semester (5.45%)
- ASUNM Fee
 - Convert it to a headcount model
 - Increase the Fall and Spring amount by \$5 (From \$20 to \$25)
 - Summer will remain at \$10

Graduate

• \$5.61 per credit hour, \$67.34 per semester (7.77%)

Student Support

Members of ASUNM have led an effort to outreach to students in regards to this proposed fee increase. In total, we have gained input from the following.

459 Students 30 Student Organizations

and our efforts are still continuing.

UGrad Student Fee Rates per Semester 5.45% Plus \$25 HC							
Old Rate per CR Hr	\$65.66						
New Rate per CR Hr	\$69.24						
Diff	\$3.58	Per credit hour

984.90	1,063.58	15 total with \$25	7.99%				

- ASUNM chose to lower the original 7.77% increase to UG MSF down to 5.45%.
- This will provide the SFRB an additional source of contingency funds to backfill departments (roughly \$200k).
- Graduate MSF will keep the 7.77% increase.

Original ASUNM Fee

Section 2. Authorization of ASUNM Fees

An ASUNM fee shall be levied on each undergraduate student at the University subject to authorization by the UNM Board of Regents. For each part time student carrying at least one credit hour, the fee shall be prorated according to the number of credit hours registered and paid for by the student. The ASUNM fee shall be twenty (20) dollars for each full time student. (4/9/02)

New ASUNM Fee

Article VI: Fiscal Responsibility

Section 1. Student Funds

The funds of ASUNM Government shall be derived from designated ASUNM fees, income from enterprises of ASUNM Government, and other legally approved sources.

Section 2. Authorization of ASUNM Fees

An ASUNM fee shall be levied on each undergraduate student at the University subject to authorization by the UNM Board of Regents. For each part time student carrying at least one eredit hour, the fee shall be prorated according to the number of credit hours registered and paid for by the student. The ASUNM fee shall be twenty (20) twenty-five (25) dollars for each full time undergraduate student.

Final Proposal

> The ASUNM Fee shall be \$25 for every undergraduate student based on a headcount model.

- > This will allow ASUNM to be more transparent with its student body.
- > Converting to a headcount model will allow ASUNM to predict annual funds more efficiently.
- After speaking with over 500 students and 40 student organizations, 430 of those students were in favor of increasing the student fee with a headcount model as opposed to the original prorated model.
- This change will allow ASUNM to support over 400 student organizations who apply for funding, and will help us take the next step to enhancing the Lobo experience.
- This amendment will be on the ASUNM Presidential/VP voting ballot on March 9-11 for approval from the student body, and will be presented at the Board of Regents meeting on March 9th for approval contingent to the study body's vote.
